### Features

**Robust:** Long-lasting quality components, also fully covered thanks to the comprehensive support provided by Festool Service

**Maximum power:** Thanks to the extremely powerful, brushless, and therefore long-lasting, latest generation EC-TEC motor with three speed levels, 180 Nm torque and additional T-mode specifically for self-tapping screws

**Safe:** kickback-free tangential hammer mechanism protects your wrist

**Ergonomic:** compact design enables you to work accurately and for longer without becoming tired, even in hard to reach areas

**Flexible battery system:** For applications with high power needs, the 4.0 Ah Li-HighPower Compact battery pack provides the ideal powerful, compact and lightweight solution. For even less weight, opt for the 3.1 Ah Compact battery pack for light screw joints
