Type	Morse Taper Shank Drill
SKU	12449
Part Number	2608-14.00
Barcode	9326518016908
Brand	Bordo
Packaging + Shipping	
Shipping Weight (Gross)	0.0 kg

### About this item:

DIN345.

Taper Shank Twist Drills have conical shanks suitable for direct fitting into the tapered spindle holes of drill presses and other machines, lathe tailstocks and driving sleeves or sockets.

This coupling is best described as a male cone within a female cone, and has self-locking and self-centering benefits. HSS with 118° notched point suitable for a variety of drilling applications and conditions.

To achieve optimal performance and extended tool life, suitable lubricating/cutting oils or coolant fluids are recommended for most drilling operations.
