Dimensions	
Product Length	360 mm
Product Width	160 mm
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The Kincrome Magnetic Trays are perfect for storing any loose fasteners, with a super strong magnetic fasteners stick to the stainless steel tray. In turn the tray sticks to any metal surface. These trays stop you losing all your important small components, perfect for mechanics and other trade professionals.

### Features

- Triple Magnets design provides stronger magnetic force and improve the tray's holding capacity
- Magnet holds the items securely in place, preventing them from rolling away or getting lost
- Strong magnet can attach to any metal surface
- Ideal for screws, bolts, nuts, or other small metal parts, a mechanic can place these items in the magnetic parts tray
