Thicker than any other jigsaw blade, the Festool TRION is the standard by which other blades are measured. When combined with the Festool jigsaw, the S 75/4 FS TRION is capable of making perpendicular cuts in hard to cut materials up to 2 1/8 inches thick with speed and ease. The cross set tooth design is ideally suited for making very fast cuts in softwoods, hardwoods, melamine, veneered plywood, and chipboard, among many others Festool jigsaw blades are engineered for cutting efficiency, long life, and superior cutting results, with a universal T shank design that fits most professional jigsaws. **Includes:**

5 x Jigsaw Blades
