Descriptions

The 125mm BITURBO Brushless Paddle Switch Angle Grinder delivers up to 1500W of corded equivalent power, providing faster cutting and high material removal rates. It has increased user protection through unique sensor-based safety controls, KickBack Control and Drop Control, plus an intelligent brake system all with superior handling due to individual speed setting adjustments with HMI and Bluetooth Connectivity. The decoupled anti-vibration handle and slim line body ensures a high standard of user protection and ergonomics.

Best tool control and user protection; paddle switch, Kickback control, drop control, intelligent brake system, restart protection.

User interface = for tool/battery status and speed setting via app

Industrial power = high power brushless BITURBO motor equivalent to 1,500W corded power, full optimised for ProCORE18V batteries and extremely robust tool for long lifetime

De-coupled anti-vibration handle

18V BITURBO Brushless Motor
