Barcode	4014549034361
Brand	Festool
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg
Quantity Per Pack	100

Features

Adjustable countersink drill bit with a free spinning depth stop for use with the Centrotec system. The Centrotec shank is designed for use with the Festool Centrotec System, as well as with all standard or keyless chucks for no-slip performance. The Centrotec System was designed to provide a seamless transfer of force, eliminating bit slippage or marring of the drill bit. Most importantly, the Centrotec system offers a quicker and more secure means of bit change than any other quick change chuck system.
