The EHL 65 EQ is an assembly planer that has been well designed right down to the finest detail. It has a planing width of 65 mm and accurate stepless cutting depth adjustment. The EHL can tackle virtually any task and provide the deepest cut on the market. The spiral blade ensures a smooth planing pattern and blades can be quickly and easily changed. At only 2.4 kg, the EHL is up to 30% lighter than equivalent planers, it's compact, the balanced design allows for effortless one-handed guidance. A Festool Dust Extractor can be used on the left or right side, guaranteeing efficient work while maintaining a clean workspace and dust-free air.
