The new CO49K automatic slitter is the result of the experience of Virutex as manufacturer of laminate cutting machines. It allows to cut strips from laminate, plastic, veneer and other light non metallic materials. Its feeding system, by mean of motorized rubber rollers and the exclusive cutting system by wheel blades, allows clean splinter free cuts. It is possible to work with laminate sheets of any dimensions, thanks to its well dimensioned table giving a good stability for having perfect cuts. No additional work is required.

Equipped with wheel spacers, special for laminates. It is also equipped with a movable cutting guide and a scale for an easy adjustment of the cutting wide.
