13MM COMBINATION GEAR SPANNER METRIC REVERSIBLE K030036 BY KINCROME

| SKU | Option | Part # | Price |
|-------|--------|---------|---------|
| 46468 | | K030036 | \$44.95 |

The Kincrome Gear Spanner has all the benefits of standard spanners and more. The strong fine gear ratcheting ring end needs as little as 5 ° of sweep to move fastener, a standard fixed ring end needs a minimum of 30 °, or 6 times the area. The narrow and thin head, combined with fine gear tooth design makes the Kincrome Gear Spanner suitable for working in tight and hard to access areas where a ratchet and socket will not fit.
