DESCRIPTION

Kincrome Punches & Chisels are manufactured from hardened and tempered top grade Chrome Vanadium Steel. This increases strength and durability, allowing them to be the perfect balance of tough but not brittle. The Kincrome automatic centre punch is It is perfect for marking or piercing wood, metal or plastics to create a starting point for drilling. It performs the same function as an ordinary centre punch without the need for any force to be applied. When pressed against the work piece, energy is stored in a spring, eventually released to drive the punch.

FEATURES
