10 X 11MM FLARE NUT SPANNER METRIC FS1011 BY KINCROME

SKU	Option	Part #	Price
49943		FS1011	\$37.95

Model	
Type	Spanners / Spanner Set
SKU	49943
Part Number	FS1011
Barcode	9312753350099
Brand	Kincrome
Size	10x11mm
Technical - Main	
Finish	Satin
Imperial (SAE) / Metric / Torx	Metric
Material	Chrome Vanadium Steel (Cr-V)
Dimensions	
Product Length	153 mm
Product Width	50 mm
Product Height	13 mm
Product Weight (Net Weight)	0.09 kg
Packaging + Shipping	
Shipping Weight (Gross)	0.09 kg

The range of Kincrome Spanners which has undergone exhaustive independent testing, is now 80% stronger than the ASME (American Society of Mechanical Engineers Standard) and 130% stronger than the German DIN standard. The stronger, lighter and greatly enhanced quality of the Kincrome spanner range leaves many name brand competitors in its wake. Features include a thinner head allowing the spanner to reach tighter areas, a rounder shaft for a more comfortable grip when applying greater torque, a lighter weight, and the shorter length decreases radial movement by up to 20%. Construction of the range is from forged Chrome Vanadium Steel (Cr-V) hardened, tempered and chrome plated with a slight satin finish for corrosion protection. Increased Molybdenum Manganese and Nickel content provide greater strength and corrosion resistance.
