DESCRIPTION

Kincrome's gel-grip claw hammers are fully polished and forged in one ultra-strong piece of steel. The gel-grip handle provides exceptional shock absorption and comfort, while also being extremely durable and able to withstand heavy everyday use. Through countless hours of product testing the hammer has been refined to provide the perfect combination of comfort, balance and power.

Ideal for carpenters, cabinet makers, general trade professionals and the serious home user, these hammers are built not only to be comfortable but durable also.

FEATURES

Weighted and balanced for optimum striking force

Gel grip for non-slip shock absorption

Forged one piece steel for strength and durability

Large striking face for easier and more consistent striking
