| Packaging + Shipping | |
| Shipping Weight (Gross) | 1.48 kg |

The Kincrome 20W SMD LED Floor Worklight is the perfect solution for lighting up your working area! The Surface Mounted Device LED technology reduces heat generation compared to your standard Halogen Worklights. Do not underestimate its size, it can produce an impressive 2000 Lumens of light output and with the 120 ° light angle it's sure to light up your working area with ease. The light weight yet, heavy duty construction allows you to confidently load and unload your worklight from the back of the work vehicle and take on site, time after time. The weatherproof IP65 Rating allows you to use the worklight in any conditions, whether it's on site or the workshop, rain, hail or shine.

Energy efficient SMD LED technology reduces heat generation compared to halogen worklights
2000 Lumen output to easily light up any work area
5000K Daylight colour temperature delivers a crisp clean light

120 ° Light angle will light up your work area with ease
Weatherproof IP65 construction will allow you to use the worklight in any weather condition
Heavy duty aluminium & steel construction will provide longevity of the worklight in your work environment
Soft grip carry handle for easy transportation
