

500MM (20") INDUSTRIAL PEDESTAL FAN KP1014 BY KINCROME

SKU	Option	Part #	Price
5000156		KP1014	\$249

Model	
Type	Fans
SKU	5000156
Part Number	KP1014
Barcode	9312753031189
Brand	Kincrome
Size	500mm (20")
Technical - Main	
Power Source	240V 50Hz Single Phase
Height Adjustment	870-1160mm (Blade Centre)
Material	Aluminium (Fan Blades)
Dimensions	
Product Length	620 mm
Product Width	330 mm
Product Height	630 mm
Product Weight (Net Weight)	11.7 kg
Packaging + Shipping	
Shipping Length	330 mm
Shipping Width	630 mm
Shipping Height	620 mm
Shipping Weight (Gross)	11.7 kg

The 500mm (20") Heavy Duty Internal Orbit Pedestal Fan is packed with features to assist and help you get the job done comfortably. Features such as an energy efficient induction motor, 3 speed switch, high velocity air flow, anti-trip base, heavy duty constructed adjustable height pedestal & safety grills, internal orbit action, 5 aluminium blade construction, rotatable and tiltable drum function. Delivering an impressive feature called 'Internal Orbit Action' this means the blades of the fan oscillate within the fans drum and safety grills eliminating any safety concerns when children may be present. The fan blade oscillates both side to side and up/down within the fan drum distributing air all around your work area without having the fan head swinging back and forth causing any distractions. The 5 aluminium blade construction is different to what is conventionally seen in the market delivering up to 5% more air velocity to most standard 3 blade fans available. With a cool air velocity of 82m³ per minute this unit is perfectly suited to ventilating small to medium areas inside. Featuring an anti-trip base that provides a stable platform for the fan and also means no bulky legs sticking out causing a trip hazard in your work area. The fan requires minimal assembly so you can ventilate the office, shed, workshop or jobsite quickly. With a tiltable drum and 360 ° rotatable fan drum you can position the fans air flow almost anywhere quickly and easily to ensure ventilation is provided exactly where your need it. The entire KINCROME fan range complies to all safety and standards requirements including testing conducted to tropical class T clause. KINCROME Heavy Duty fans are built tough and will last the distance when using them out in the field.

Features:-

- Heavy Duty Pedestal Fan
- 3 Speed, 5 Aluminum Blades

23 Exhibition Drive, Malaga Western Australia
