Constructed of heavy-duty powder coated steel for durability, the Kincrome 500kg Engine Support Bar is essential when working on heavy automotive repairs. This piece of equipment is designed to support and accurately position engines during maintenance operations, without the need to remove the engine. **Features:**

Support the weight of an engine (up to 500kg) without removal

Adjustable length and height provides adaptability to most vehicles

Dual hooks for optimal reliability

Anti-slip rubber support legs minimise the risk of damaging vehicles

Refer to owner vehicles manual for information about applicable vehicles

Specifications:

Safe Working Load: 500kg

Adjustable Length: 730-1470mm

Adjustable Height: 0-200mm
