Features

Milwaukee Torque Lock Locking Tools provide faster tool setup and more locking force for the professional tradesmen. The patent pending thumb screw provides the user with a more convenient geometry for hand force, while providing clearance to generate more torque with the unique screwdriver through-hole design. These Torque Lock locking pliers feature hardened jaws for increased gripping power and forged alloy steel for maximum durability.

Torque Lock -faster setup and more force for locking tools

Curved jaw maximizes pressure points for any bolt, nut or locking tool application

Long nose jaw easy access in extended reach applications

Control release fast, easy, one-handed release

Hardened jaws better grip force on jobsite material

Rust Protection - Increased tool life by reducing corrosion

Forged alloy steel for maximum tool strength and durability
