Shipping Weight (Gross)	1.48 kg

The MILWAUKEE Block Torpedo Level features SHARPSITE Magnified Vial Technology for an accurate, clear reading from any position. The 360 adjustable vial allows the user to set or identify any angle, and locking feature ensures all day accuracy when the level is taken in and out of pockets and pouches. Amplified rare earth magnets attach to metal materials delivering strong holding power. The heavy duty die cast aluminium frame and drop prevention loop ensures lifetime durability and jobsite safety.

Features:

- Magnified, solid acrylic block vials
- Locking 360 Degree Adjustable Vial
- Lanyard Hole
- Precision milled measuring surface
- Die Cast Aluminium Body
- Reinforced Plumb Vials
- Amplified Rare Earth magnets
