

CORE DRILLING MACHINE STAND AGDMRIG BY DYMAXION

SKU	Option	Part #	Price
500325		AGDMRIG	\$979

Model	
Type	Core Drilling Machine Stand
SKU	500325
Part Number	AGDMRIG
Barcode	9333716009106
Brand	Dymaxion
Dimensions	
Product Weight (Net Weight)	15 kg
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The AGDMRIG provides the latest in product benefits and is made to a high quality standard of finish. The base is die cast aluminium with extruded mast and is supplied with wheels. The four leveling bolts are a wide distance apart for maximum stability when bolted down to the surface and is also fitted with additional stabilising back stays. The single winding handle is used in several locations to make adjustments. Four nylon guide wheels firmly secure the machine bracket to the mast and allow for smooth travel.

Four of the DYMAXION core drill machines (AGCDM250 & AGCDM160 & AGCDM80 & PCD1700HH) can be fitted to this single rig by using the dove tail mounting blocks which fit on/off in short time. Note that the AGCDM250 is supplied ready fitted to the AGDMRIG

Specification:-

- Rig Height from bracket to floor 820 mm
- Rig angle capacity From 90 - 45 °
- Weight 15KG
- Bubble floats for leveling Yes
- Mounting rig blocks for different core drill machines
- Mounting rig block for AGCDM160 and PCD1700HH AGBRAC160
- Mounting rig block only for AGCDM80 AGBRAC80
