Brand	Festool
Technical - Main	
Capacity	100kg
Dimensions	
Product Length	641 mm
Product Width	600 mm
Product Height	1076 mm
Packaging + Shipping	
Shipping Weight (Gross)	19.0 kg

The mobile workshop is easy to use and easy to transport, thanks to its ergonomic design and low weight. In just a few steps, the compact unit assembles to become a stable work station with direct access to your tools. It's flexible worktop can be extended for use with larger workpieces. Outstanding transportation up and down steps thanks to the large wheels, which are fully rubber lined and shock resistant. The table is slotted down the back of the trolley for easy transportation. It has foldaway legs which can be unfolded and its immediately ready for use. Stable worktop comprising perforated top and aluminium profile offers flexible clamping and attachment options.

Features:

Large, rubber lined, shock resistant wheels make transportation easy, even up and down steps.

Stable worktop, comprising of perforated top and aluminium profile, offers flexible clamping and attachment options.

Handle with adjustable angle, sliding surfaces and recessed grip on the pan for easy loading into a vehicle by just one person.

If the worktop area is not large enough, it can be easily extended to accommodate large workpieces by adding a side extension table.

Safely store your power tools, hand tools, accessories and consumables for mobile working on the construction site.

Compact dimensions and effortless assembly and disassembly make the MW 1000 easy to use.
