The MILWAUKEE M18 FUEL 210mm Table Saw w/ One-Key generates corded power, 622mm of Rip Capacity and Up to 180LM of cutting per charge. Designed for the professional carpenter, remodeler and general contractor, the MILWAUKEE M18 FUEL 210mm Table Saw w/ One-Key is optimised for power, portability and productivity. The POWERSTATE Brushless Motor provides 6,300 RPM and higher speeds under load for corded cutting performance. REDLINK PLUS intelligence ensures maximum performance and protection from overload, overheating and over discharge. The M18 REDLITHIUM-ION HIGH OUTPUT 12.0Ah battery delivers unmatched run-time in all applications. The rack and pinion fence system maintains accuracy and allows for quick adjustments. For maximum productivity, the tool has on board storage for the included accessory and a tool free guard and riving knife changes. An all metal frame provides durability for daily jobsite use. Compatible with ONE-KEY, this is the industry's first Table Saw that wirelessly connects to a smart phone to Track and manage a tool's performance and location. Integrated Tool Tracking, available through ONE-KEY, provides full visibility to how and where tools are being used across your network of jobs and users. The app will track all ONE-KEY compatible devices within 30m range of your phone. By building the functionality into the tool, not the battery, all devices are trackable even if the battery is not charged or on the tool. The app will automatically keep

hello@beyondtools.com

records of the last time a tool was within range of the app, allowing you to pinpoint missing tools quicker and increase accountability of your crew. Paired with tracking, Integrated Tool Security provides the ultimate theft protection. Protect your investment with features like tool lock-out, or hide tool from the nearby devices screen so only you can see your tool is in range. If your tool is lost or stolen, render it useless by sending a remote command to the tool to shut itself off the next time it comes within range of any ONE-KEY app.
