

10PCE 6MM X 165MM SDS PLUS MX4 4-CUT BIT 4932352043 BY MILWAUKEE

SKU	Option	Part #	Price
5009164		4932352043	\$89.8

Model	
Type	SDS Plus Bit
SKU	5009164
Part Number	4932352043
Barcode	4002395367009
Brand	Milwaukee
Size	6mm x 165mm
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

MILWAUKEE SDS Plus MX4 Drill Bits have symmetrical 4 cutter geometry (4 x 90°) & perfect round holes for optimal anchor fitting. The high volume 4 flute geometry ensures the optimum removal of dust and debris. There is a centering tip for easy spot drilling with pinpoint accuracy. A welded solid carbide tip on ø 5-10 mm allows for wider flute entrance leading to increased speed. More carbide leads to a higher durability of the tip and higher lifetime. The 4 breaker points pulverize material more efficiently for faster drilling, Enhanced rebar guards for an improved resistance when hitting rebar. New variable flute design has a thin flute at the tip for maximum debris extraction, higher speed and less friction. Thick flute at the base for higher stability and reduced bit breakage.

Features:

Symmetrical 4 cutter geometry 4 x 90°: Perfect round holes for optimal anchor fitting.

4 Flute Geometry: The high volume 4 flute geometry ensures the optimum removal of dust and debris.

Centering tip for easy spot drilling with pinpoint accuracy.

Welded solid carbide tip on 5-8mm: Allows for wider flute entrance leading to increased speed.

More carbide leads to a higher durability of the tip and higher lifetime.

4 breaker points pulverize material more efficiently and allow the bit to be up to 20% faster than the competition.

hello@beyondtools.com

Enhanced rebar guards for an improved resistance when hitting rebar.

New variable flute design: Thin flute at the tip for maximum debris extraction

Higher speed and less friction.

Thick flute at the base for the higher stability and reduced bit breakage.

Made in Germany
