10PCE 1/2" DRIVE METRIC HEX IMPACT SOCKET SET K28210 BY KINCROME

Kincrome's range of Hex impact sockets are manufactured from Chrome Molybdenum (Cr-Mo) and feature a black phosphate finish for superior corrosion protection and laser etching for easy drive size identification. Chrome Molybdenum is an industrial grade material designed for impact and extreme torque applications.

Hex Impact sockets are designed to withstand the high torque and force associated with impact tools in repetitive application and can be used on stubborn fasteners.

IMPORTANT: Only Impact Sockets should be used on air or electrically operated power tools. NEVER use silver Chrome Vanadium Steel (Cr-V) Sockets which can shatter and cause personal injury. **Contents:**

10 X 1/2" Drive Hex Impact Sockets: 5, 6, 7, 8, 9, 10, 12, 14, 17, 19MM

EVA Tray for storage

SKU	Option	Part #	Price
5009213		K28210	\$135

Model	
Type	Impact Socket Set
SKU	5009213
Part Number	K28210
Barcode	9312753068437
Brand	Kincrome
Technical - Main	
Drive Type	1/2" Drive
Imperial (SAE) / Metric / Torx	Metric
Dimensions	
Product Length	252 mm
Product Width	139 mm
Product Height	47 mm
