## PROMAX 350 WELDING HELMET WC-05314 BY WELDCLASS

SKU	Option	Part #	Price
5009502		WC-05314	\$149.9

Model	
Type	Welding Helmet
SKU	5009502
Part Number	WC-05314
Barcode	9341562053143
Brand	Weldclass
Technical - Main	
Colour Name	Fire Metal
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Our most popular auto-darkening welding helmet. The PROMAX 350 electronic welding helmet is suitable for MIG, Stick & TIG welding. Stand-out features include; 4 sensors for reliable switching & a generous viewing area, larger than many other helmets in this class. Variable Shade 9-13, Sensitivity & Delay Adjustments, Grind-Mode switch, replaceable battery, magnification lens holder & more. Comfortable, very lightweight & superior optics. Click on 'More Info' for a full list of features. Find out what sets Promax helmets apart - **CLICK HERE Features:**

Enjoy a Generous Viewing Area - larger than many other helmets in this class (100 x 53mm)

Ultra-Clear Vision

4 Arc Sensors for reliable arc detection & switching

Functions: Variable Shade 9-13, Sensitivity & Delay Adjustments, plus Grind-Mode switch (locks the lens in light shade)

Warranty: 2 year/24 months - Up to 100% longer than other helmets in this class

Viewing area: 100 x 53mm

High-Impact tested and rated to Australian standard AS1337.1

Auto-darkening lens complies with AS1338.1

'Hinge & Lock' Lens Retainer System = Easy cover lens replacement, Seals tightly against spatter to prevent damage to electronic lens

Magnification lens holder - takes standard magnification lenses

Reliable Power Source: Replaceable battery plus solar assist,  
efficient electronics for low power consumption  
'Full Laminate' Lens Construction: Each layer in the electronic  
lens assembly is firmly laminated for superior optical quality  
and long service life. This is in contrast to cheaper lenses  
which are simply glued on the edge and, over time, are prone  
to contamination and failure.

Lightweight, Durable and Shock Resistant shell

Auto-on & Auto-off = No buttons to press, Hassle-Free  
operation

**Application:**

Ideal for MIG & Stick Welding, also suits TIG applications  
down to 30 amps

For: Light to Medium Fabrication, Rural, Maintenance, etc
