Our M18 FUEL™ Deep Cut Dual-Trigger Band Saw features a Dual-Trigger design for safe cutting. The deep cut band saw delivers you the largest capacity of 127 mm for maximum productivity. Utilising our POWERSTATE™ Brushless motor and Constant Power Technology, the cordless band saw cuts at maximum speed. This band saw also incorporates a Dual-Trigger design which requires two-handed operation. It protects your tool from drops and debris with a proprietary composite material and crush zone barriers to absorb impacts. REDLITHIUM™-ION Battery Technology (not included) provides more run-time through superior pack construction, electronics, and more work per charge over the life of the battery than any competitive lithium-ion battery on the market. REDLINK™ PLUS Intelligence has the most advanced system of cordless power tool electronics, providing you with optimised performance, electronic clutch, and overload protection using total system communication between tool, battery, and charger. The portable deep cut band saw features a tool-free locking adjustable shoe that can adjust from an extended shoe to no shoe in seconds. The band saw also includes a hanging hook for easy storage in-between cuts, LED light to illuminate your cutting area, superior cut visibility, and balanced body design.
