BME -Compact, Lightweight, Fast Charging

Our range of Building Maintenance Equipment provides market-leading performance and innovation. Including 18Vx2 Brushless, Compact Brushless, and AC solutions, Makita BME has the products to keep you clean in any situation.

18Vx2 Brushless -Cut the cord, Not the power

Cut the cord and not the power with our 18Vx2 range of power tools. Our 18Vx2 range offers more power, speed and run-time without the hassles of a cord. The best part is our 18Vx2 lineup is fully compatible with all LXT® batteries and chargers. Tough out bigger jobs with 18Vx2 tools and go back to work with any of our 200+ LXT® solutions.

Makita's NEW 18Vx2 Brushless Backpack Vacuum (DVC660ZX1) provides commercial suction with a large 6L collection capacity. The standard HEPA filter provides a high filtration rate of 99.97% and the max suction setting provides continuous runtime of up to 40 minutes at a max sealed suction of 11kPa and max airflow of 36 L/s.

Powerful Suction - high performance suction for efficient use in the toughest applications

3 Stage Suction Control - Allows the user to achieve optimum runtime and suction power for their task

Reusable Filter Bag - cloth filter bag with 5.5L capacity and easy disposal of waste

Durable Hose - Plastic coating on hose for improved durability and eliminates kinks
