The Dewalt XR Brushless SDS-Plus Rotary Hammer, DCH263N-XJ, is a light weight, low vibration, high-performance drill designed for the demands of today's tradies. This Rotary Hammer is capable of producing up to 3.0J of impact energy, allowing you to drill into concrete up to 28mm. With 3 modes - Rotary only drilling, Hammer Drilling & Chiselling, the 1165rpm ensures fast & effective completion of even the most demanding tasks. The DCH263 quickly performs in chipping applications & has a wide optimal drilling range between 6mm & 19mm. The Active Vibration Control system reduces vibration felt at the handles, compared to hammers without this feature. 3.0J Impact Energy - For efficiency and power during hammer drilling and chipping applications  
Active Vibration Control - Floating rear handle reduces hand/arm vibration offering excellent user comfort & safety  
BL51 Brushless Motor - Industry proven motor design that providing excellent runtime and durability  
Bright LED - Provides superior illumination of the work area  
Drilling Speed - With its hard-hitting mechanism, fast drilling speed, and balanced design, this hammer is ideally suited for all day use, even with large diameter hole drilling in the hardest concrete.
