Packaging + Shipping	
Shipping Weight (Gross)	0.48 kg

The Kincrome Double Edge jigsaw blades allow you to cut in both directions and perform extreme radius cuts. The durable, hardened steel blades are manufactured in Germany to deliver unmatched precision, speed and cleanliness. Cuts: Hardwood, Softwood, Laminates, Fibreboards & Plastics.

Features

T-Shank Blade: Most common blade fitment, means it can be used on any standard T-Shank fitment Jigsaws.

8-11.5 TPI 115mm Wood Blade: Precision ground high performance blade suitable for fast and extreme radius cutting in hardwoods, softwoods & wood based products.

10 TPI 100mm Multi-Surface Blade: Precision ground high performance blade suitable for clean and tight radius cutting in laminates, fibreboard, plastic & softwood products.

Double Edge Blade: Double Edge Blade means you have two blades in one. Teeth on both edges allow you to cut in both directions, perform tight radius cuts, and cut multiple material types.
