225MM PLANEX DRYWALL LONG REACH SANDER IN SYSTAINER WITH M CLASS DUST EXTRACTOR SET LHS 2 225 PLANEX 576702 BY FESTOOL

SKU	Option	Part #	Price
5010160		576702	\$3999

Model	
Type	Drywall Sander
SKU	5010160
Part Number	576702
Barcode	4014549373361
Brand	Festool
Size	225mm
Technical - Main	
Power Source	240V 50Hz Single Phase
Motor Speed - No Load	5,000 - 8,500 Min.
Sanding Stroke	4 mm
Connectivity	
Bluetooth® Enabled	✓
Features	
Standard Inclusions	1 x Tool Manual
Workshop (Site) Info	
Power Supply Cord	0 mm
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The new generation PLANEX long-reach sander is revolutionising drywall construction – with LED light and eccentric movement. The all round LED light ring works like a built in grazing light and reveals any unevenness during sanding. The eccentric sanding motion produces outstanding surface quality – without any expensive reworking. The adjustable suction power, variable working length and clever T-handle ensure ergonomic work on walls and ceilings – making the tool easy to control, even during long periods of operation.

Features:-

Sanding walls and ceilings

Processing dry wall filler, plaster, dispersion filler

Optimum illumination during sanding

The all-round LED light ring reveals unevenness on the surface during sanding – eliminating the need for time-consuming reworking.

Eccentric sanding motion

For perfect surface quality with no grooves.

Adjustable suction power

The adjustable suction power against the wall and ceiling reduces the strain on the arms and back during all sanding work.

Variable working length

The working length can be quickly adapted to the working environment using a single lever – for full flexibility in tight spaces and with high ceilings.

Hose clip keeps things tidy

hello@beyondtools.com

With its 1.2 m length and T-handle, the PLANEX is the optimum size for almost any work situation. The hose clip provides simple attachment of the suction hose and cable on the handle – at a comfortable distance from your hand.

Dust-free work

When combined with the CT 36 E AC-PLANEX dust extractors, low levels of dust are created during work and your health is protected.

Antistatic Function

Dust extractors and tools with antistatic function to prevent static buildup when working.

StickFix

Quick, economical fastening system for abrasives - no adhesives, no clamping.

MMC Electronics

Multi Material Control power electronics with adjustable constant speed and temperature monitoring for work with all types of materials.

Plug-it

Removable, replaceable power cable with safety lock for fast switchover.

EC-TEC Brushless Motor

The EC-TEC drive concept generates an extraordinary amount of power while consuming extremely low amounts of energy.

Bluetooth Interface

Use of mobile devices via Bluetooth standard.
