

18V 5.0AH 2PCE BRUSHLESS HAMMER DRIVER DRILL + IMPACT DRIVER COMBO KIT DLX2412T-BK9 BY MAKITA

SKU	Option	Part #	Price
5011879		DLX2412T-BK9	\$739

Model	
Type	Combo Kit
SKU	5011879
Part Number	DLX2412T-BK9
Barcode	088381734622
Brand	Makita
Technical - Main	
Power Source	Cordless
Amp Hour	5.0Ah
Battery Voltage (V)	18V
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The 18V Brushless Hammer Driver Drill (DHP486) provides 141Nm of maximum fastening torque and no load speed of 2,100rpm combining rapid drilling speeds with high levels of torque. This model has been redesigned with a newly designed motor and gear ratio achieving not only more power but also increasing the performance in continuous heavy-duty applications. Not only has the performance on this model been increased but it is also considerably shorter. At 178mm in length this model is 27mm shorter than the previous model. Making it the most compact drill in its class and extremely comfortable to use in all applications.

Features

- Massive drilling capacity with 152mm hole saw & 50mm auger bit capacity
- Compact overall length only 178mm for use in narrow workspaces
- High powered brushless motor produces 141Nm peak torque
- High durability aluminum gear housing
- Mechanical 2 speed gearing with all metal gear construction

Specifications

- Max Drilling Capacities in Wood:
 - Auger Bit: 50mm
 - Self-feeding Bit: 76mm
 - Hole Saw: 152mm
- Max Drilling Capacities in Steel: 13mm
- Max Drilling Capacities in Masonry: 16mm

hello@beyondtools.com

No Load Speed:

Hi: 0 - 2100rpm

Lo: 0 - 550rpm

Impact Rate:

Hi: 0 - 31500ipm

Lo: 0 - 8250ipm

Max Peak Torque: 141Nm

Max Tightening Torque:

Hard: 130Nm

Soft: 65Nm

Overall Length: 178mm

Voltage: 18V

Dimensions: 320mm x 130mm x 205mm

Skin Weight: 2.1kg

Weight (With Battery): 2.7kg

Makita DTD154Z 18V 4-Mode Li-Ion Cordless Brushless

Impact Driver - DTD154Z Features:

Aluminium hammer case

One-touch bit installation, no need to pull bit sleeve for bit installation

Twin LED job light with pre-glow and afterglow functions

High rotation speed at 3600rpm

Variable speed controlled by trigger

Ergonomically designed handle with soft grip provides comfortable grip and more control while minimising hand fatigue and pain

Electronic 3-stage impact power selection - in order to reduce fault tightening, hard/medium/soft impact power can be selected to the material of workpiece or screw type simply by pushing a button

T-Mode is a special mode optimum for fast tightening of self drilling screws without damaging the screw and workpiece

Specifications:

Voltage: 18V

Capacity:

Machine screw: M4 - M8

Standard bolt: M5 - M16

High strength bolt: M5 - M14

Coarse thread (length): 22mm - 125mm

Impacts per minute:

Speed 1: 0 - 3800ipm

Speed 2: 0 - 2600ipm

Speed 3: 0 - 1100ipm

No load speed:

Speed 1: 0 - 3600rpm

Speed 2: 0 - 2100rpm

Speed 3: 0 - 1100rpm

Max fastening torque: 175Nm

Vibration level: 12.5m/s²

Sound pressure level: 96dB(A)

Sound power level: 107dB(A)

Dimensions (L x W x H): 117mm x 79mm x 236mm

Weight: 1.2kg

Warranty:

3 Years Warranty Covered By Makita Australia

Makita BL1850B-L 18V 5.0Ah Li-ion Cordless Battery

with Gauge The Makita 18V LXT Li-ion 5.0Ah battery,

BL1850B-L, charges faster and works longer than standard Li-ion batteries, giving you and your cordless tools unmatched performance and productivity to take on the most demanding

hello@beyondtools.com

applications. The Makita 5.0Ah battery combines more run time (66% more run time per charge than the Makita BL1830 3.0Ah battery) with a category-leading charge time of only 45 minutes, so it spends more time working and less time sitting on the charger. For added convenience, it also features an L.E.D. charge level indicator to monitor battery charge. The BL1850B-L resists self-discharge so it is ready for use even after long periods of little to no useage. **Features:**

Integrated L.E.D. battery charge level indicator allows user to monitor battery charge

Up to 66% more run time per charge compared to BL1830

Fast 45 minute charging time

Battery delivers consistent power and run time in extreme temperatures, even in winter (-20 °C)

Impact-resistant outer case and shock-absorbing inner-liner are engineered to protect the battery

Sixteen contact terminals maintain a constant connection with the tool to help prevent power loss or fluctuation, even during high-vibration applications

Battery resists self-discharge and remains ready for use even after long periods of storage

Sensitive electronics are protected with a thick gel coating, preventing damage against dust and moisture

Star protection computer controls - includes overload protection, over-discharge protection and over heat protection

The battery and tool communicate, protecting your tool and battery from overload by cutting power when put under abnormally high current draw

If the battery reaches a certain level of heat it will cut power to the tool, protecting the tool and battery from overheating

Specifications:

Voltage: 18V

Amp hour: 5.0Ah

Cell type: Lithium-Ion

Charging time: 45 minutes

Weight: 0.6kg

Warranty:

2 Years Warranty covered by Makita Australia

Makita DC18RC 18V Li-Ion Cordless Battery Fast

Charger - DC18RC Features:

Built-in CPU - gathers information from the battery's memory chip to determine optimum charging method

Forced air cooling fan - cools the battery to minimise charging time

Digital power display identifies the condition of the battery and charging condition

Specifications:

Voltage: 18V

Cell capacity: 1.5Ah - 6.0Ah

Charge Time:

1.5Ah: 15mins

3.0Ah: 22mins

4.0Ah: 36mins

5.0Ah: 45mins

6.0Ah: 55mins

Length: 185mm

Weight: 0.82kg

Warranty:

2 Years Warranty Covered By Makita Australia

Makita 18V Brushless Compact Twin Case

Important note: This twin case will only suit DHP480 /

DHP481 and the DTD series **Features:**

Heavy Duty polyethylene constructed carrying case

Can fit 2 x Tool, 2 x Batteries, 1 x Charger
