hello@beyondtools.com

Thanks to the unique arrangement of LEDs for a 180 ° light dispersion angle and high luminosity (8000lm)
4.8m cable length for a large operating range, neatly stowed away in the cord holder
The SYSLITE DUO is perfectly protected in the SYSTAINER during transport
With the ST DUO 200 stand, extendable to 2m for ideal light positioning and room illumination. Quick to set up, extremely robust and stable

Specifications:

Lamp: 80 x 1.4W

Thread Size for Stand: 1/4"

Power Lead Length: 4.9m

Power Lead Type: Fixed Lead

Power Source: Corded

Lumens: 8000lm

Colour Temperature: 5000K

Lighting Type: Light Emitting Diode (LED)

LED Service Life: 10000 Hours

Weight: 3.4kg

Festool SYS3 M 237 (204843) Systainer³ SYS 3

Medium Storage Box The new Systainer³ generation enables you to be more mobile than ever before. Festool, TANOS and bott have collaboratively developed a mobility system that brings the workshop and the construction site closer together. It is perfectly integrated into Bott vario3 vehicle equipment, allowing you to safely deploy the familiar arrangement and simple handling that you are used to from the Systainer system in your vehicle as well. **Features:**

Can be connected to one another and to different generations
Compatible with transport systems and mobile dust extractors
Enable organisation, an overview and professional appearance
