Cordless rivet nut gun with setting power adjustment for blind rivet nuts up to M10 in aluminium, M8 in steel, M6 in stainless steel

Versatile use thanks to mandrel quick change system

Automatic drill-on of the blind rivet before setting

Time-saving auto-reverse function: Pull mechanism returns to starting position after setting and nut is drilled off the mandrel

Easy presetting of the placement force on the LED display for working that is gentle on the material and threads

LED display with protective cover: 10 memory positions for retrievable settings

Selectable LED light during setting or continuously (max. 10 min)

Eyelet for energy-saving work with balancer / spring tension

With matching adapter (accessory) also suitable for blind rivet studs

Powerful Brushless motor for quick work progress and highest efficiency

Practical storage screwed onto the housing for additional mandrels

Many brands, one battery pack system: This product can be combined with all 18V battery packs and chargers of the CAS brands: www.cordless-alliance-systems.com

Specifications:

Max. blind rivet nuts in aluminium: M 10
