The Festool suction hose: Smooth and elastic – with a smooth exterior for significantly improved handling, a longer service life and increased suction power. The CLEANTEC connecting sleeve ensures a secure fit on the tool – you decide when it is disconnected, not chance.

Robust, smooth outer skin prevents the suction hose from becoming caught

Internal, extremely elastic suction hose for maximum flexibility

The CLEANTEC connecting sleeve securely connects the suction hose and power tool with bayonet fitting

The CLEANTEC connecting sleeve allows you to individually set the air flow rate using the infinitely adjustable bypass antistatic

temperature-resistant to +70 °C

with rotating angle adapter on the extractor side and connecting sleeve with integrated bypass
