Organised, clearly arranged and within easy reach: The Systainer with lid compartment ensures that you always have the right accessories for any application.

In addition, the transparent lid allows you to see everything at a glance. The partitions mean that the compartments can be divided to suit individual needs, whether for long drill bits, saw blades, bits or small parts.

The compatible bit and drill bit cases also fit the lid compartment perfectly and are easy to remove.

Small parts clearly organised in a transparent lid compartment

Maximum flexibility: You can use the partitions to divide the lid compartment in different ways

The lid compartment is compatible with corresponding bit and drill bit cases

The bit and drill bit cases for lid compartments can also be used separately

Compatible with the entire Festool Systainer system - easy to connect and transport without machine insert
