

INVERTER GENERATOR, 7500W, SUPER QUIET - SPGI7500E BY SP TOOLS

SKU	Option	Part #	Price
50410403		SPGI7500E	\$4999

Model	
Type	Inverter Generator
SKU	50410403
Part Number	SPGI7500E
Brand	SP Tools
Packaging + Shipping	
Shipping Weight (Gross)	1.28 kg

SPECIFICATIONS

Starting Power: 7500w

Max Watts: 7000w (Less than 20 min)

Rated Watts: 6500w (Continuous Duty)

AC output quality: ISO8528 G2 THD \leq 1.5

Power Outlets: 2 x 15A / 1 x 32A

Power Output: 240v / 50Hz

Noise Level dB/LpA/LwA/K 4m (3/4 Load): 70/90

Operating Hours at Rated Output: 6.5 Hr

Tank Capacity: 25L (Unleaded)

Starting System: Electric, Pull & Blue Tooth APP

Net Weight: 130kg

FEATURES

Torini 4 stroke engine

Digital display metre (with overload indicator)

One Push electric start or Blue tooth APP start

Engine smart control (ESC) for better fuel economy and less noise

Compact unit with wheels and folding handle

CPU with 32 bit processor

High quality power supply suitable for: computers, mobile phones and other electronic devices

Low noise Inverter Generator

Twin USB outlets

Optional (Parallel connection capable)

Hi capacity Inverter power supply suitable for: Inductive loads with a starting requirement up to 7500W eg. refrigerators, air conditioners, microwaves, electric motors, tools and similar equipment.

Dimensions: 950 x 765 x 773mm
