Carving chisels PROFI are handmade tools of the highest quality, designed especially for professional carvers. Blades are made of chrome-silicon alloy steel and heat treated to the hardness of 58 ± 1 HRc. All blades are hand polished. The edges are sharpened and lapped with abrasive paste and arkansas stone.

Handles have an octagonal barrel shape and are made of beach wood. The surface is stained and waxed.

Carving chisels PROFI are supplied in individual carton boxes.
