Brand	Festool
Packaging + Shipping	
Shipping Weight (Gross)	0.0 kg

The splinter guard is fitted over the viewing window and facilitates splinter-free cuts to the right of the saw blade. When the machine is running, cuts are made in the inserted splinter guard so that it adapts to fit the saw blade exactly. The splinter guard can be moved up or down, making it suitable for cuts with or without a guide rail. Exact cut-outs through marking that displays the front cutting point of the saw blade at maximum cutting depth
Compatible with all saw blades
Height-adjustable
can be used with or without guide rail
for low splinter cuts to the right of the saw blade
Main applications
Door cut-outs
Panel cuts
Includes
5 x Splinterguards
