This top quality **TradeQuip "Made for the Trade"** Parts Washer is perfect for cleaning down most components prior to assembly. It is designed and manufactured to **TradeQuip Quality Standards** and has a very sturdy steel construction and quality enamelled finish. The "Quick Close" fire safe lid mechanism ensures operator protection in case of fire. The unit has a built in replacement cleaning fluid filter and easy maintenance 240V 'High Volume' cleaning fluid pump. Fitted with "Standards Australia Approved" 10Amp plug and cable.

Warning: For use with aqueous (water) based solutions only. Petroleum based cleaning fluids are harmful and will damage the pump and void the warranty.

Features

- Sturdy metal construction
- Quality enamelled gloss finish
- Enclosed "High Volume" electric pump and fully screened pump housing
- Built-in replaceable pump inlet filter
- Chromed flexible metal fluid delivery pipe
- Large removable parts cleaning shelf for inspection and drying
- Immersion soaking when parts cleaning shelf removed
- Non welded one-piece tank
