

GLUE FEEDER FOR POLYURETHANE ADHESIVES 890PU BY PIZZI

Pneumatic Glue Feeder for the delivery of one-component liquid moisture cure polyurethane glues. It consists of a tank and a cover in stainless steel with 4 x closing hooks (in conformity with CE regulations), 4 metres of reinforced, thermoplastic, solvent-proof hose and one applicator gun. A compressible glue chamber eliminates any air space preventing premature curing of polyurethane glue as well as providing careful and effective extrusion of the glue through the hand held applicator gun. *Patented Model.*
