CENTROTEC DRILL CHUCK 492135 BY FESTOOL

SKU	Option	Part #	Price
52046		492135	\$46.5

Model	
Type	Drill Chuck
SKU	52046
Part Number	492135
Barcode	4014549034323
Brand	Festool
Features	
Standard Inclusions	1 x Centrotec Drill Chuck
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Switch between drill and driving functions in seconds with the FastFix interface, saving time and eliminating the cost of dedicated, single purpose tools. The Festool FastFix based Centrotec Chuck is extremely lightweight and compact. This quick release chuck provides two points of contact for Centrotec bits, allowing them to extend directly into the drill spindle so they serve as an extension of the motor, significantly improving controllability and torque. Reduce fatigue with the lightweight Centrotec chuck and decrease necessary drilling/driving clearance with the compact design. Save time changing between drill and screw bits with the quick-change Centrotec System. Accessory Centrotec bits can be used both with the Centrotec chuck as well as non-Festool standard bit holders and chucks. Works with all existing and previous model Festool drills equipped with FastFix interface for tool less change of chucks: T+3, C12, TDK, TDD, CDD models.
