Brand	Festool
Size	125mm (5")
Technical - Main	
Abrasive Type	Hook & Loop
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Standard soft replacement pad for general purpose random orbit finish sanding. All Festool pads are designed with dust extraction as a primary consideration, so you'll work cleaner, produce a better finish and significantly extend the life of your abrasives and pads. Festool pads feature the StickFix hook and loop design for quick and efficient abrasive changes, and enable re use of partially used abrasives. A highly resilient, heat resistant MPE foam is utilized in all our pads for consistent finishing results, uniform wearing, and extended pad life. Sanding pads will eventually fatigue and require replacement, therefore it is advisable to keep a fresh pad at hand to avoid a break in work.
