The Trade Time Phone Pouch is made from full grain leather because it is durable and long lasting. It features a tunnel design so it can easily be worn with any belt style. Therefore you can wear this on the worksite or in the office. The Phone Pouch is made from 2mm leather and has a top-flap, which secures with a press-stud closure. It is sewn and riveted for extra strength. As a result, it will keep your device safe and secure on the worksite. Suitable for many different phone models and other small items such as a personal GPS (as pictured). Available in 4 sizes (see below for dimensions). The back of the pouch features a tunnel design, for instance a slotted style or a leather loop (depending on size selected). An optional extra is the Military Holster clip that is attached to the back of the pouch. This allows you to clip the pouch on and off your belt even quicker. 4 sizes available 9cm, 10cm, 11cm and 12cm. In short, this reliable leather phone pouch protects your smart phone in the most rigorous working conditions. **Features:-**

Made from a 2mm full grain leather because it is strong and durable

Horizontal flip orientation secured with a press stud closure
Designed with the tradesperson user in mind, for example builder, electrician, plasterer, etc.

Tunnel design allows this phone pouch to be worn on most belts, for instance webbing, work or leather belts

Optional extra Military Holster clip attached to the back of the pouch means you can clip on and off your belt
