## EZ LOCK DIAMOND WHEEL (EZ545) - 2615E545AD BY DREMEL

SKU	Option	Part #	Price
53067		2615E545AD	\$36

Model	
Type	Hand Tools
SKU	53067
Part Number	2615E545AD
Barcode	080596027490
Brand	Dremel
Technical - Main	
Material	Chrome Plated Steel
Packaging + Shipping	
Shipping Weight (Gross)	0.3 kg

### Features

#### What can you do with it?

For smooth, fine cuts in hard materials such as marble, concrete and brick. Designed to be long lasting (completely coated with fine diamond particles) and not lose its shape or break. Diamond disc has breathing holes for reduced heat and less debris during use.

#### How to use?

Use with EZ402 Mandrel. The Dremel exclusive Easy Speedclic mechanism, makes wheel changing keyless, easy and fast: PULL - TWIST &dash; RELEASE

Cutting wheels only work on their edge

We recommend using a (two-handed) golf grip when using this accessory, and using the right angle attachment when a cut is hard to reach. To keep the disc life as long as possible, do not apply excessive pressure and do not exceed the RPM limits.

Cuts 12.7mm (1/2") thick floor tile

#### Materials to use on

Hard materials, such as marble, concrete, brick, porcelain, ceramics, hard epoxy and soft and hard wood.

Do not use on metals.

#### Recommended speed

15.000-25.000
