The EP70P door lifter is ideal for taking out heavy or light doors in an easy way. It is able to lift heavy doors like armored plated doors or fire doors. Its design allows to turn the tool to both sides, making it easier the extraction of the door. Furthermore the frontal part is adjustable helping a lot the task of placing the door. The adjustable frontal platform allows a precise work and is covered by a special material against possible scratches. Easily transportable due to its light weight (1 kg).
