Country of Origin	
Manufactured in	Spain
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Light weight designed for several kind of jobs. Provides excellent finishing on laminate trimming. Very useful for making mouldings, working with high stability and precision. Ideal for making recesses for placing hinges with Virutex specialised templates. Its huge power allows it to make rabbets on doors or windows with the specific optional bit. It is also possible to make right or circular slots in an easy and precise way with only the accessories included as standard equipment. The FR192N is equipped with a powerful motor and an electronic speed control, for adjusting the speed constant independently to the working load.

Optional Accessories:-

- 1222024 Chuck collet 8 mm
 - 1222085 Chuck collet 6.35 mm (1/4")
 - 1250040 Sliding shoe
