

19 X 22MM FLARE NUT SPANNER METRIC K3392 BY KINCROME

SKU	Option	Part #	Price
6221		K3392	\$45.95

Model	
Type	Spanners / Spanner Set
SKU	6221
Part Number	K3392
Barcode	9312753923088
Brand	Kincrome
Size	19x22mm
Technical - Main	
Finish	Satin
Imperial (SAE) / Metric / Torx	Metric
Material	Chrome Vanadium Steel (Cr-V)
Dimensions	
Product Length	206 mm
Product Width	60 mm
Product Height	24 mm
Product Weight (Net Weight)	0.24 kg
Packaging + Shipping	
Shipping Weight (Gross)	0.24 kg

The range of Kincrome Spanners which has undergone exhaustive independent testing, is now 80% stronger than the ASME (American Society of Mechanical Engineers Standard) and 130% stronger than the German DIN standard. The stronger, lighter and greatly enhanced quality of the Kincrome spanner range leaves many name brand competitors in its wake.

Features include a thinner head allowing the spanner to reach tighter areas, a rounder shaft for a more comfortable grip when applying greater torque, a lighter weight, and the shorter length decreases radial movement by up to 20%.

Construction of the range is from forged Chrome Vanadium Steel (Cr-V) hardened, tempered and chrome plated with a slight satin finish for corrosion protection. Increased Molybdenum Manganese and Nickel content provide greater strength and corrosion resistance.
