The DeWALT Work Support has clamps that open 70mm which enable you to support material up to 600mm wide. The increased width work support is ideal for wider pieces of timber, where it can be converted into end stops for repetitive cutting to length or simply folded in half to provide a really stable working platform.

Increased width work support for wider pieces of timber
Can be converted into end stops for repetitive cutting to length

Designed to be compatible with DeWALT Leg Stand DXW723
