CYROGENIC STEEL BLADE 45MM (1-3/4") SUIT #3 BENCH HAND PLANE US14 BY CLIFTON

SKU	Option	Part #	Price
8000688		CBCRYO134	\$129

Model	
Type	Hand Plane Blade
SKU	8000688
Part Number	CBCRYO134
Barcode	08000688
Brand	Clifton
Size	45mm
Technical - Main	
Blade Width	45mm (1-3/4")
Material	Steel (Cryogenically Treated)
Country of Origin	
Manufactured in	Sheffield, England
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The Clifton Bench Plane cutting irons are made from 01 steel that is now cryogenically treated. This cutting iron has a hardness of 60 to 62 Rockwell C hardness and the new cryogenic treatment means these blades will hold their edge for longer. This ensures that Clifton blades take an edge better than most other blades and hold it for a longer period of time. These blades are 3.6mm thick and so give it increased rigidity. They are then accurately ground, embossed with the brand name and then individually checked for hardness. Wiped with oil after use to protect from rust and finger marks, these blades will serve you some excellent planing work.

Available in 3 sizes to fit your particular plane:-

Plane No. 3 - Size needed: 1 3/4" (45mm)

Plane No. 4 & 5 - Size needed: 2" (50mm)

Plane No. 4 1/2, 5 1/2, 6 & 7 - Size needed: 2 3/8" (60mm)
