<b>Technical - Main</b>	
Material	Brass Cap
<b>Country of Origin</b>	
Manufactured in	India
<b>Packaging + Shipping</b>	
Shipping Weight (Gross)	1.48 kg

*\*Please note - Product Image displays Steel Cap\** As the name suggests a very good plane for general smoothing and final finishing work. A must for every workshop. The sole of the plane is available in a plane finish as well as a ribbed finish for a smoother action on damp or resinous lumber. The long sole of the planes ensure good results for flattening large surfaces without any bumps and valleys. The planes have a ductile cast iron body which is fully stress relieved and carbon steel blades.
