Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The plane has two beds for the cutter - one positioned for normal work and other for bullnose work for working close into corners. Duplex Rabbet planes are useful for window and door frames, various joints such as secret-lap dovetailing, for fitting backs into carcase work and many other applications. Exact alignments are possible with the help of adjustable fence. Complete with a spur for cross grain cutting.
