

## 6PCE HAND TOOL KIT HTK-806 BY TORMEK

This kit includes all the jigs you need to sharpen knives, scissors, wood splitting knives, lawnmower blades, small knives and axes, as well as short chisels and carving tools. The perfect kit for sharpening all your edge tools at home or in the workshop. And for storing your jigs.

### Why HTK-806 Hand Tool Kit?

Contains everything you need to sharpen your regular hand tools on your Tormek.

Convenient storage with the TC-800 Tormek Case.

Contains six essential jigs with convenient storage.

Sharpen your knives

The HTK-806 Hand Tool Kit includes all our jigs for sharpening the vast majority of knives in your home. This kit includes the KJ-45 Centering Knife Jig, which you can use to sharpen everything from regular kitchen knives to outdoor knives, even lawnmower blades. In a nutshell, a very versatile jig!

The kit also includes the KJ-140 Wide Centering Knife Jig. The wider clamp stabilizes the long and flexible blades of filleting knives, for example. This gives you an even bevel and angle along the entire blade, even on knives with flexible blades that are otherwise difficult to sharpen uniformly.

Also included is the SVM-00 Small Knife Holder to be used together with the KJ-45 Centering Knife Jig. These allow you to easily sharpen even your smallest knives.

Sharpening scissors, axes and other hand tools

Every household has at least one pair of scissors. And more often than not it's a blunt pair of scissors. With the SVX-150

Scissors Jig you easily make your scissors sharper than when they were new.

The SVA-170 Axe Jig is a very simple jig which allows you to sharpen axes of different shapes. No matter what the axe is used for, working with a sharp edge is both easier and safer. Both the SVA-170 Axe Jig and the SVX-150 Scissors Jig are included in this kit, along with the SVS-38 Short Tool Jig that sharpens most short hand tools. Everything you need for your household sharpening.

**Stylish and convenient storage**

All jigs and accessories included come packaged in the TC-800 Tormek Case together with the HTK-00 Storage Tray for Hand Tool Kit. This specially designed packaging makes it easy to store and keep track of your jigs and accessories for sharpening tools at home or in your workshop. A stylish leather handle also makes the case easy to carry around. The case is made of a durable material and has a sliding lid that keeps everything in place. The storage tray is made of EPP, a material that's highly durable and perfect for storing your jigs for many years to come. The TC-800 Tormek Case is stackable, so if you have another case, they can be stacked perfectly on top of each other.
